

General measures to minimize exposure to Equine Herpesvirus-1 (Rhinopneumonitis) during the event Pompadour Complet from 12th April to 14nd April 2021

This event is organized by the “Société de Concours Hippiques de Pompadour” International event - 4*-S

Veterinary protocol for Equine Herpesvirus-1 (Rhinopneumonitis) - on March 24th, 2021

The site is only accessible to the horses who participate at the event.

Arrival of horses :

All the horses must stay in the Haras, none of them is allowed to stay in another stable.

To enter the site, you must present :

1/ a certificate of good health made by a veterinarian (attached document)

2/ a valid vaccination certificate

The arrival will be in Thalian, **between 2:00 pm and 7:00 pm on April, 11th.**

- The certificate of good health (one certificate by truck/stable of departure with the full name of each horse) dated not earlier than April 9th + the documents justifying the professional status of the riders) No horse unmentioned on the veterinarian certificate will be admitted on the site of competition. The veterinarian certificate must attest the good health of all the horses, and the fact that the stable of departure is healthy too.
- The FEI horses will all stay in the Puy Marmont site, in a closed stable. A night guard/watchman will assure the guarding of the stable and will have all the recommendations from the officials of the competition, as well as the emergency contacts.
- The declaration of starters will be done **over the phone before 5:00 pm on April, 11th.**
- Dr Heng will verify the identity and health of the horses from 7:00 pm in the stable. Thank you for being in the stable at this moment.

Stables

- The Stable Manager and his assistants will be on site from 6:00 am to 10:00 pm
- Night guard at night (details above)
- Opening hours of the stables : from 6:00 am (or 2 hours before the competition starts) to 10:00 pm
In case of emergency outside the opening hours, please contact the night guard : [#phone number to come]

Veterinary stables :

- 5 stables are reserved at the end of a stable (isolated and closed stables, near an independant access of the Haras) → Périgueux platform (Choisel) → in case of the need to isolate a horse
- 2 stables are reserved on the Périgueux platform for doping controls

The protocol is approved by X. Goupil, FEI veterinarian - G. Blanc, Technical Delegate - P. Juvin, Stewart:

CERTIFICATE OF GOOD HEALTH

I, the undersigned....., referenced veterinarian (ID :) and certified veterinarian of the stables of departure (address of the stable of departure) certifies that the following horse(s) :

Full name	FEI Number	Body temperature (°C)

- have been examined today and do not present any clinical sign of an infectious disease ;
- there isn't any suspicion of an infectious disease and any reported case in the stable of departure where the horse(s) mentioned above is / are based

Date : (not earlier than April 9th 2021) In :

Signature and stamp :
